Arizona Freedom Club PAC Endorses Andy Biggs for Governor of Arizona in 2026

Phoenix, AZ — The Arizona Freedom Club PAC today announced its endorsement of Andy Biggs for Governor of Arizona in the 2026 election, calling it the organization's most significant endorsement of the cycle.

A lifelong Arizonan, former President of the Arizona Senate, and current U.S. Representative for Arizona's 5th Congressional District, Biggs has built a record of consistent, principled conservative leadership. From advancing tax reform and regulatory relief to fighting for border security and constitutional protections, Biggs has demonstrated a steadfast commitment to the values that define Arizona.

"Andy Biggs has demonstrated unwavering dedication to the principles that have made Arizona a beacon of opportunity and freedom," said Scot Mussi, Chairman of the Arizona Freedom Club PAC. "Given the serious economic, public safety and governance challenges our state is currently facing, Congressman Biggs will provide the proven leadership and positive vision Arizona really needs."

The Arizona Freedom Club PAC cited several key priorities in its endorsement:

- *Protecting economic freedom through lower taxes, responsible budgeting, and pro-growth policies that empower small businesses and working families.*
- *Prioritizing affordability for Arizonans by pursuing policies to lower the cost of food, energy and housing.*
- *Defending constitutional rights, including free speech and the Second Amendment.*
- *Eliminating waste, fraud and corruption in our state government.*
- *Supporting public safety and a secure border.*

"Our future depends on bold, common-sense leadership," Scot Mussi added. "Andy Biggs has the experience, integrity, and resolve to govern our state and bring prosperity to all Arizonans."

About Freedom Club PAC

Freedom Club PAC is dedicated to advancing policies that protect liberty, promote economic opportunity, and hold government accountable for Arizona taxpayers.
