Freedom Club PAC Endorses Warren Petersen for Arizona Attorney General

Phoenix, AZ —Freedom Club PAC today announced its endorsement of Warren Petersen for Arizona Attorney General. Senator Petersen has a proven record of fighting for Arizona taxpayers, defending the rule of law, and standing up to the radical Left's agenda.

"Warren Petersen has been one of the most consistent and effective conservative leaders in Arizona," said Scot Mussi, President of Freedom Club PAC. *"He understands that the Attorney General's Office should be a watchdog for the people, not a political weapon for special interests. Warren has a track record of defending our freedoms, protecting taxpayers, and holding government accountable. Freedom Club PAC is proud to endorse him for Attorney General."*

As Attorney General, Warren Petersen will continue his commitment to public safety, election integrity, border security, and challenging federal overreach that harms Arizona families and businesses.

"As Attorney General, Warren Petersen will restore trust in the office obliterated by Kris Mayes and ensure Arizona laws are enforced fairly and faithfully," Mussi added. *"He will be a strong, principled advocate for the Constitution and for every Arizonan who wants safe communities, affordable living, and a government that works for them - not against them."*

Freedom Club PAC encourages voters across Arizona to support Warren Petersen this November in the race for Attorney General.
